On the above date and time Cst MacLeod and I were dispatched to the Superstore on Campbell Dr in regards to a female in the store refusing to wear a mask, and not leaving.

We arrived, and viewed Elizabeth Kramer at the self checkout isle. She finished paying, and I stopped her outside.

I explained that we had a complaint of her not wearing her mask. Elizabeth said she had an exemption to not wear it. I asked to see it and she would not provide it too me.

I followed her to her car so she could unload her groceries. Cst MacDonald issued her POPA 984801 for section 24(1)(b) of the emergency measures act.

She was provided the ticket, and left.

Elizabeth was co-operative with police, and stated that she did not respect the ticket, and was against the emergency measures act.

On May 22nd, at 1708hrs, I attended the Superstore at 115 Campbell Drive with Cst. McKay in response to a patron in the store refusing to wear a mask. I was driving marked police vehicle #209.

On arrival, Cst. McKay and I went to the store security office and spoke with Chantale Colpitts. Cst. McKay and I were able to see the female patron, who was not wearing a mask, at the self check out. Cst. McKay and I then waited near the exit door of the store.

As the female patron exited the store, Cst. McKay stopped her. The female, who identified herself as Liz Kramer, refused to answer questions from Cst. McKay and myself, specifically her address and date of birth. Kramer did provide Cst. McKay with her drivers license number. Cst. McKay and I accompanied Kramer to her car in the parking lot. During this time, Kramer yelled in efforts to get the attention of the public and voiced her displeasure with the Emergency Measures Act. I issued Kramer P0984801 for failing to wear a mask contrary to mandatory order dated May 14th, 2021 under Section 24(1)(b) of the Emergency Measures Act.

Kramer was uncooperative in the sense that she would not answer questions regarding her personal information. Kramer did not attempt to leave the parking lot while I issued her the ticket. Kramer mentioned she ran for mayor of Rothesay in the recent election and that she could possibly be mayor at this time as the results have not been made public.

At 1726hrs, Cst. McKay and I cleared after I served a copy of the ticket to Kramer.

Body cam added to property.

The first video shows Kramer at the self check out clearly not wearing a face mask. Once finished paying, Kramer walks toward the exit door and the video ends. The second video begins with Kramer at the self check out from a different angle. The video cuts to Cst. McKay and I waiting outside for Kramer to exit. The video continues on to show Cst. McKay accompany Kramer to her vehicle and myself issuing her a ticket.

Statement

On the day of the incident I was informed by a front end colleague, Nancy, that a lady did not have a mask on in the store and was in aisle 1.

Hunter and I located the customer in aisle 2.

Hunter said he would go down and ask the customer to put her mask on.

Hunter went down and met her in aisle 3, I believe, and made 3 attempts at asking the customer to put her mask on, which she replied twice in saying that she was exempted from putting on a mask. Hunter explained that to our knowledge we haven't been informed of any exceptions for people to not have a mask on in our store and let her know that the next course of action was to call the police and have them intervene as it is government policy, and also directed by public safety, that every person within the store has to have a mask on. After Hunter explained the last part, she ignored him and pulled out her phone and proceeded to talk on it.

Customer then finished shopping in the store over the next 10-15 minutes before another colleague at our u scan had asked her if she had a mask – she ignored that colleague as she proceeded to the u scan to ring in her order.

Hunter and I watched the women leave the store where she was met by two officers.
